

HEALTH, SAFETY and ENVIRONMENT POLICY

Horizon West Landscape Constructions (HWLC) is committed to providing a healthy, safe and environmentally responsible workplace for all of its employees, sub-contractors and visitors by complying with relevant Health, Safety and Environment legislation.

Horizon West Landscape Constructions (HWLC) will

- Identify hazards and environmental impacts, assess risks and implement appropriate controls
- Provide employees, sub-contractors and visitors with information, supervision, and training appropriate to the hazards and impacts of their work
- Deal with health, safety and environment matters in consultation with employees
- Set measurable health, safety and environment objectives and targets

Every employee in the organisation is personally accountable for their safety, health behaviour and this will be reviewed regularly.

Horizon West Landscape Constructions (HWLC) will provide the time and resources necessary to implement this Policy and will develop, implement and review its objectives, targets, plans and procedures to continually improve workplace health, safety and environmental performance.

To achieve a high standard of health, safety and environment performance involves shared responsibilities and teamwork.

Consequently, Horizon West Landscape Constructions (HWLC) is committed to a consultative approach in which all employees, at all levels and at all times, are responsible:

- (a) to ensure his or her own safety and health at work; and
- (b) to avoid adversely affecting the safety or health of any other person through any act or omission at work.
